

Dear Aspen Orthopedic Associates,

Thank you very much for the scholarship that gave me the opportunity to continue learning how to snowboard means alot to me. AVSC means alot to me in terms of looking forward to every Saturday morning & snowboarding with my group. I enjoyed the time I had with my instructor & group because its not like school & you have fun its like being with your everyday friends but learning cool stuff. I learned beyond what I thought I could accomplish. My confidence in the parks expanded & I could almost hit every jump, rail, & box. I also learned quite a few tricks which excited me very much when I pulled one off. This year I was with my same group wich I enjoyed alot because I had fun with those guys, but our instructor was different. She was pretty cool but our whole group was hopping our ex-instructor Mark came back from Australia. I would definetly LOVE to be in AVSC again next year. it means alot to me. Once again thank you very much for the scholarship you guys saved my Saturdays!

Sincerely,
Fernando Pacheco
